Agricultural and animal investment

Elements of agricultural and animal investment

- The project of establishing fish farms in the pools of Faqous, Al Hussainiya and Abu Hammad with a total area of 5061 acres of fishing ponds
- Projects of land reclamation and production of citrus fruits in Faqous, Al Husseiniya and Abu Hammad, where there are areas suitable for reclamation and agriculture.
- Development of cultivation and production of papyrus leaves in Tookh Al Qaramos at Abu Kabir Center.
- Breeding livestock and dairy products in the various districts and parts of the governorate, as there are more than 122,000 heads of cattle in the governorate of buffaloes and cows more than camels, goats and sheep.

Touristic Investment

Potential tourism investments:

- Tourism projects to watch migratory birds and hunt birds in accordance with environmental rules.
- Establishing service projects in tourist areas.
- Projects for desert tourism, camel racing and hunting.

Potential tourism investment

Future Projects in Al Sharkia

- Bringing thousands of monumental pieces from the different areas of the governorate to establish a central museum in Tal Basta of Zagazig, especially from "San Al-Hajar" area in the north of the governorate, as well as the establishment of tourist ministries to serve the region.
- This helps to absorb unemployment and ensures the transformation of Zagazig into a first-class tourist city. Among the elements for the success of this project is the availability of paved roads and all necessary facilities and components.

Tal Basta Zone

Future Projects in Al Sharkia

- Establishing a service center, accommodation places, a conference halls and a panorama in San Hajar archeology area, to link Al Sharkia Province with the Suez Canal axis and open programs for one-day visits

Future Projects in Al Sharkia

- The establishment of a tourist hotel in Tal Basta tourism project.
- "A preliminary study is available for the hotel prepared by the Commerce Chamber," as well as a tourist hotel in Al-Masria Plaza Park to provide tourist hotels to bring tourist delegations to the region and to activate the tourism activities in the governorate.

Future Projects in Al Sharkia

- Establishing a tourist resort around the fishing ponds in Akyad, Al-Nasr, Anan and Al-Abassa ponds, in order to make optimal use of the fishing pools in the governorate, as well as encouraging adventure tourism in these areas

Fishing ponds rest houses

Future Projects in Al Sharkia

- Establishing an Olympic village and an equestrian club in Belbeis on an area of 15 acres to develop the Arab Horse Festival, which has been held regularly since the start of its activities in 1991, and to work on breeding purebred Arab horses for export purposes.
